Dear Ms. Carter:

This letter is in response to your requests for additional information, dated January 12, 2011 and January 14, 2011.

1. Your letter of January 12, 2011 indicates that the Committee did not fully disclose employer and occupation information on the October Monthly Report. This report has been amended to disclose all recently received information. The Committee does follow the three-fold process of best efforts required to meet the Commission standards. Every solicitation includes a clear and conspicuous request for contributor information and informs the contributor of the requirements of federal law for the reporting of such information. If the information is not received, within 30 days of receipt, the contributor receives a request to provide this information. These requests are generally made by phone and email. This request restates the requirements. If the information is received by the Committee, it is updated and the affected report will be amended to reflect the new information. The Committee is also aware that INFO REQUESTED is not an acceptable employer or occupation. This is simply the standard entry that has been used for years to indicate to the Commission that the Committee is aware that the information is incomplete and is attempting to obtain the information.

2. Your letter of January 14, 2011 indicates that the Amended Pre General Report included additional activity not previously reported. As the memo text on the amended report noted, the Committee software would not accurately import and itemize the earmarked entries. Once the issue was resolved, the report was amended.

Sincerely,
Lisa Lisker
